PROFILE Experienced QA Tester proficient in manual and automated testing. Expert at identifying and resolving defects to ensure software quality.

PROFESSIONAL EXPERIENCE *GRUPO STI*
QA Automation Engineer | 2024 – PRESENT
Conducted manual and automation testing, including API and stress testing, to ensure software quality across various projects. Developed comprehensive test cases, reported defects, and collaborated with cross-functional teams to gather requirements and enhance user experience.

ACUICULTEC SA DE CV
QA Tester | 2022 – 2024
My main mission is to write test cases, make documentation for errors, automation testing and sometimes UX/UI suggestions for improvement on the hardware/software.

ALAMO Rent a Car
Project Manager | 2018 – 2022
Led the development of a mobile app allowing users to book and drive cars from secure locations, similar to Uber. Ensured compliance with Alamo standards by coordinating with developers, manually installing hardware, testing software for clients and administrators, and tracking issues in Jira until resolution.

EDUCATION **Bachelor degree in Computer Science**
Universidad Autonoma de Sinaloa | 2009 - 2013, Mazatlán Sinaloa, México
